*Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Mr. Finnie discussed the commercial success of the claimed invention. Mr. Hamill discussed that Beale requires a rim, as disclosed in [0036], [0039] and [0041]. The proposed claims include a limitation regarding the sidewall being rimless. The examiner stated that she will update her search but the proposed amendments appear to define the invention over Beale and Zoss.
